INJUNCTION OBTAINED

Suit for the Payment of the Debts of the Castellanes.

AMOUNT IS LARGE.

London Dealer Takes Steps to Collect

Drafts Accepted by the Count and Countess—Appointment of Geo. Gould Guardian.

New York, Nov. 27.—Samuel Untermyer applied to and obtained Monday from Justice Fitzgerald, sitting in the supreme court, an injunction order returnable on Monday next, against the Count and Count and Countess Castellane and George Gould, Edwin Gould, Howard Gould and Helen M. Gould, as trustees under the will of Jay Gould, restraining them from paying to Anna Gould, the Countess de Castellane, any part of the estate in the hands of the trustees, or from applying any part of the trust funds to the debts of Anna Gould, or to her support or that of her children until the further direction of the court.

The plaintiff in the suit is Anthony J. Dittmar, who sues an assignee of Asher Wertheimer, a London brio-a-brac dealer.

The complaint which is a long printed document, contains copies of drafts drawn by Wertheimer and accepted in writing by the Count and Countess de Castellane, amounting to upward of \$385,000, of which \$283,000 and upward is past due.

It is stated that Anna Gould has \$18,000 held in trust for her by her brothers and sister, and that her income is about \$500,000. It is claimed that \$250,000 a year is what the count and countess require for their support, and the plaintiff asks that the remainder of income should be applied to payment of the couple's debts. It is said that over \$250,000 of surplus income has already accumulated in the hands of the trustees, which ought to be used for this purpose. The present suit is said to be a test case, and it is reported to be backed by other creditors than Wertheimer.

A few weeks ago George J. Gould was appointed guardian for the Countess de Castellane in a proceeding in the French courts. The creditors claim that the purpose of this proceeding was to get the property of the Countess de Castellane away from attack by her creditors, so as to enable the Goulds to force settlement of the debts at their own time and on their own terms.

REFUSE TO PULL TRAINS.

Engineers Will Not Run Trains into Mexico Until Comrades Released.

Nogales, Ariz., Nov. 27.—For several days there has been almost a tie up on the Sonora division of the Southern Pacific. Friday all the engineers running into this port from the south refused to pull a throttle in the Mexican state of Sonora till their comrades now lying in Mexican prisons were released.

The trouble comes from the custom of the Mexican authorities in arresting trainmen whenever an accident happens to a wayfarer caused by the running of a train regardless, so the railroad men say, of who may be at fault. The southbound passenger express is the only train that has left Hermosillo and Guaymas for several days and that was pulled by Master Mechanic Johnson in the place of the regular engineer.

In the jail at Guayamas at present

there are Engineer Charles Smith, Conductor Langworthy, one American brakeman and two Mexican brakeman.

In jail in Nogales, Sonora, across the line are Engineer Jefferson, Conductor Budge and Brakeman Rochin. At Magdalena are incarcerated an American engineer and a brakeman.

The railroad company's attorneys say

they have tried in vain to have several of the men brought to trial, for their innocence of the charges against them can be readily proven. The trainmen declare they are frequently imprisoned without trial on the slightest pretext.

FOR A REST DAY.

Actors' Alliance Making War on Sunday Theatrical Performances.

New York, Nov. 27.—The Actors' Church alliance of America has begun an active campaign against Sunday theatrical performances, and its members promise to keep it up until actors have one day off for rest in seven, the same as persons in ordinary avocations of life. The alliance claims to have caused the arrests which have been made at New York theaters the past three Sundays, and it is now keeping an eye on the prosecution of these cases.

Rev. Francis J. Clay Morgan, chairman of the law committee, has given out a copy of a letter which he had sent to Deputy Chief Carfwright last Friday dealing with the subject. It had been stated that the arrests in question were due to the actions of the Tammany Pur-

ity committee and Mr. Moran took occasion to correct this impression. He said that the law committee of the alliance had not had any communication with the Tammany committee at any time and knew nothing of its actions.

Given Five Years.

McKinney, Tex., Nov. 27.—Fred Melton was found guilty of arson in the district court by a jury, which assessed his punishment at five years in the penitentiary.

DESTRUCTIVE FLOOD.

Rivers About Pittsburgh Rampant and Causing Some Deaths.

Pittsburgh, Nov. 27.—After three days of incessant rain, a flood, unprecedented for this season of the year, swept the Monongahela and Alleghany rivers Monday night raining hundreds of thousands dollars worth of property, drowning at least three persons, temporarily throwing out of employment thousands of workmen by the forced suspension of many industrial establishments lining the banks of both streams and rendering hundreds of families homeless.

The fatalities are: Frederick Koppman, Joseph Davis and Joseph Flockner.

A November flood is quite common, but rarely reaches the danger line and for this reason steady rains of the past few days has caused no alarm. The precipitation has been heavier than usual in the mountains and at the headwaters of both rivers, however, and it was not until late yesterday that a warning was sent out that both streams were getting beyond their banks and a dangerous flood threatened. The result was the fast rising waters which caught many wholly unprepared and much valuable property tied up, for only a moderate stage, was carried away and lowlands in Pittsburgh, Allegheny, South Pittsburg, Sharpsburg and McKeesport inundated and nearly every plant fronting the two rivers have been forced to shut down.

Hundreds of families in these districts have either been driven from their homes or living in the upper floors and using skiffs. There were many narrow escapes from drowning during the night, and several men are reported to the police as missing, but only three fatalities are known.

Village Struck by a Cyclone.

Augusta, Nov. 27.—A tornado struck the village of Siloam, near Union Point, Ga., Sunday night. Considerable damage was done to property but there was no loss of life. J. B. Dolivar, a large farmer and stock raiser, had his house and barn blown down and many head of stock killed.

Rumor of a Wreck.

Charleston, W. Va., Nov. 27.—It is reported here that a Chesapeake and Ohio railway train went through the Greenbrier river bridge which had been damaged by the prevailing floods. It is supposed that there were about 200 people on the train and that all were lost. The story cannot be verified.

No Accident as Reported.

Louisville, Nov. 27.—District Passenger Agent Parsons of the Chesapeake and Ohio railroad, has received from General Superintendent Gill at Huntington, W. Va., an official denial of the reported accident at the Green River bridge.

There was no accident whatever, Mr. Gill wired, beyond a landslide which delayed trains and necessitated the transferring of passengers.

KRUGER MAY COME.

Pearson Says He May Make His Home in America.

New York, Nov. 27.—Samuel Pearson, formerly commissary general of the Transvaal army, who has just arrived in this country with a number of other Boer refugees, is responsible for the statement that President Kruger will probably soon seek refuge and a permanent home here.

"President Kruger will leave Paris very soon, I believe," said General Pearson, "and come to America where, with his wife, he will make a home until such time as our arms have triumphed and he can return to the South African republic to take up again his office as chief executive of the Boers."

The railroad company's attorneys say

they have tried in vain to have several of the men brought to trial, for their innocence of the charges against them can be readily proven. The trainmen declare they are frequently imprisoned without trial on the slightest pretext.

KRUGER MAKES A CALL.

Visits the Premier of France and the Call Returned.

Paris, Nov. 27.—Mr. Kruger began a busy day this morning by making an official call. Before 9 o'clock he departed from Hotel Scribe, driving in a landau surrounded by Republican guards and by cycle policemen, to visit Premier Waldeck-Rousseau. He was accompanied by Dr. Leyds, Dr. Van Hammel and Delegate Fischer. The party was met at the entrance to the premier's salon by M. Ulrich, director of the cabinet, who introduced the visitors to the prime minister. An interview took place in Waldeck-Rousseau's private study and lasted 10 minutes. At 9:30 o'clock the premier accompanied by M. Ulrich, returned the call.

TEXAS TO THE FRONT.

Notwithstanding storms and floods, the great state of Texas has during the present year, made history in the matter of its agricultural possibilities, and large crops and good prices have induced an era of prosperity which will go far in educating the farmers and others to the value of their opportunities.

In the midst of their peace and plenty the people of Texas should not neglect the advantages which are lying at their door. Surplus production of wheat should result in the building of more flour mills. The high price of cotton should give a decided impetus to the erection of modern cotton mills. Splendid prices paid for cattle should lead to the establishment of packing houses and tanneries, while the constantly augmenting area which is being put into garden truck and early vegetables, should lead to the erection of canning factories in the southern portion of the state.

It has been demonstrated that Texas can produce magnificently every product of the soil which can be raised in any state in the union, and in the enjoyment of these blessings, the farmers and business men generally, should not neglect opportunities for additional benefits.

To take advantage of one's own facilities means that others, not now interested, will become so. Nothing so begets confidence as confidence itself, and by a judicious advertisement of its unparalleled resources, Texas should draw both capital and people from sections not so well favored. But that the desired conditions ensue, it is necessary that the people and communities extend to the world the right hand of fellowship and by a spirit of liberality and enterprise, attract to their side and support, thousands of willing hands and hearts that are yet across the border awaiting a favorable opportunity to make entry.—Literary Bureau Sunset-Central Lines, Houston, Texas.

Holiday Opening.

The fifth annual holiday opening of the Wilson-Jenkins Drug Company took place last evening and was equally if not more attractive than any preceding one. The attendance was large and the display magnificent. The decorations included flags of all nations, festoons of tissue and chrysanthemums. From the wealth of holiday goods on display it is difficult to name the things that pleased the most. Hevelin decorated china, cameo plaques and vases, Austrian, French and Bohemian brie-a-brac, busts, medallions, fine lamps, cut glass and gift books were among the things most admired. Prof. Zehnal's orchestra supplied music during the evening.

All kinds and sizes of thimbles at Goodman & Miller, Reliable Jewelers.

Student Hawkins Take in a Thief in Princeton Hall.

Princeton, N. J., Nov. 27.—A burglar who gave his name as Frank E. McFordan of Trenton, was caught by a student, Gaylord R. Hawkins, in Little hall Monday night and a number of valuables stolen from the students' rooms were found in his possession.

One evening about two weeks ago while Hawkins was in his room a stranger opened the door, but discovering the occupant of the room hastily retreated. Hawkins has since kept watch on his room, and Monday while the students were at dinner the thief made his appearance. Hawkins threw a revolver in his face before he could escape, marched him across the campus to Proctor Topley's office. His clothing was searched and several valuable scarf pins, medals, razors, gloves, knives and \$5 were found. He was turned over to the Princeton chief of police, who took him to Trenton.

Recently over \$250 in money, four gold watches, a number of diamond studs and other valuables have been stolen from students in Blair and Dod halls.

FOR A RECEIVER.

Gates Makes Charges Against Officers of Guardian Trust Company.

St. Louis, Nov. 27.—The application of John W. Gates et al. for the appointment of a receiver for the Guardian Trust company was filed in the United States circuit court Monday Judge Amos Thayer reserved his decision.

It is alleged in the affidavits accompanying the application that the Guardian Trust company is being mismanaged by President A. D. Stillwell; that its funds are being used to promote the Kansas City, Mexican and Orient railway through the misrepresentations of President Stillwell.

It is asserted that Stillwell, without turning his hands in behalf of the trust company's interest, is drawing a salary of \$20,000 a year, and that his friends, "who are confederates with him," are the officers of the trust company and receive compensation aggregating annually \$50,000. Through Stillwell's alleged manipulation of its stock the trust company, the plaintiffs say, is losing \$20,000 a month, and that with proper management it can be made to pay handsome dividends.

James Hagerman of Kansas City, A. C. Krantell and Max Pam of Chicago, represent John W. Gates, who, it is said, has \$300,000 invested in the trust company, while Judge Trimble of Kansas City, Thomas M. Chapman of Chicago, and Judge McKeigan are acting for the defendant. Mr. Stillwell was in court. Stillwell and other officials of the company, say its affairs are in excellent shape and deny the charges made in the petition. It is asserted by Mr. Stillwell that the application for a receiver is a personal attack on him by John W. Gates to oust him from the control of the Guardian Trust company and to run his Kansas City, Mexico and Orient enterprise.

SAYS FROST IS DEAD.
Letter to the Sheriff Concerning the Finding of the Body.

Houston, Nov. 27.—Sheriff Anderson is in receipt of a letter from Joe Smith, who says he can locate the body of Sheriff Frost of Chambers county. Mr. Smith writes from Kaufman, Tex., and his letter is as follows:

"Mr. Anderson, sheriff of Harris county—I know where the body of Sheriff Frost of Chambers county lies and can give you the exact directions to find it. Sixteen miles south of Wallisville, the county seat, is the residence of Joe Burns. You go there and from there you go by the compass northeast six miles even, and there in a small hollow the body is buried. It is under three feet of earth and the dirt is smoothed over level above and leaves are scattered over the grave site. You should get citizens to turn out with you and go in wagons to the place. Take prodding poles along and you will have no trouble in finding the grave. I know beyond all possible chance of doubt that the body of Frost is buried there. JOE SMITH."

Sheriff Anderson is confident that the talk of Frost being alive is incorrect.

"The supposition that the missing man was seen in Shreveport," he said, "is based on the fact that some railroadmen believe that he saw him board a freight train there. There is no other evidence than the gentleman's belief, and it is very fair to presume that he was mistaken. Sheriff Frost is murdered. There are many circumstances which point too strongly to it to believe otherwise without convincing proof to the contrary.

"Had Sheriff Frost wanted to leave the county for any reason he would hardly have gone to a section which is 20 miles from a railroad and where no boats are to be had to make his exit after abandoning his horse. Frost was murdered beyond doubt. But the finding of his body is a different thing; it may never be done, or, for all I know, this letter might lead to its location."

Think it was Frost's coat.

Galveston, Nov. 27.—Sheriff Thomas has found a coat which he believes belonged to Sheriff Frost of Chambers county. He still holds to the theory that Sheriff Frost was murdered, his body cut up and scattered in the bay.

CHASING ROBBERS.

Sheriffs in Hot Pursuit of Train Thieves in Arkansas.

Warren, Ark., Nov. 27.—Sheriff Morehead of Hot Springs county and Sheriff Atkinson of Dallas county have been in Bradley county since Saturday in hot pursuit of three men who, they are positive, are a portion of a gang that robbed the Iron Mountain express train near Gifford last Wednesday night. A telephone message to the sheriff of Bradley county put every one on the alert and a company of men have been patrolling the county. The men were seen near Parnell Springs late Saturday evening on foot evidently pretty well run down. One of the posse fired two or three shots at them as they disappeared in the woods.

From circumstances it is thought the men are in the Saline river swamps and will try to cross at Cornish's ferry or at the railroad bridge. From the number in pursuit, and worn out condition of the fugitives, it seems almost impossible for the latter to escape.

Woman Convicted of Murder.

Syracuse, Nov. 27.—A verdict of guilty has been reached by the jury in the Harriet Schmoll murder case. On June 9, last, Mrs. Schmoll shot and killed Mrs. Lulu Ostrander at Baldwinsville. It was shown at the trial that Mrs. Ostrander had been intimate with Mrs. Schmoll's husband and had taunted her as the defense claimed, beyond endurance. The defense was temporary insanity.

Bryan and Jackson Day.

Chicago, Nov. 27.—Before William J. Bryan left for his home in Lincoln, Neb., he gave assurances that he would be present at the Jackson Day banquet to be held in this city on Jan. 8. Other speakers have not been selected, but it is believed that one of them will be Cato Sells of Iowa. It is thought that at the coming banquet Mr. Bryan will declare himself on the future of the party.

Means Increase for Germany.

Berlin, Nov. 27.—Emperor William has sent to the reichstag charts, maps and statistics showing the growth of the Russian, British, French and United States navies and also their strength in far eastern waters.

In view of this the members of the reichstag fear that another bill to increase the strength of the German navy is coming.

Physician Assassinated.

Marysville, Ia., Nov. 27.—Dr. R. A. Hamilton, a prominent physician of this place was shot dead while in a grove near his barn. Alfred Alin, who had accused the doctor of causing the separation of Alin and his wife is under arrest on the charge of firing the fatal shot.

Li Reported Ill.

London, Nov. 27.—Li Hung Chang, according to the Shanghai correspondent of The Morning Post, is seriously ill and has telegraphed for his son Chin Ling.

Senator Davis Dying.

St. Paul, Nov. 27.—It now seems to be simply a question of hours until United States Senator Cushman Kellogg Davis passes away.

Sugar Is Advancing.

New York, Nov. 27.—The National Sugar Refining company has advanced its list of refined sugars 5 points.

FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will reinforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Charles Ark, July 20, 1899.

After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black Draught. I am thankful for what the medicine did for me, and am much better health than I have been for a long time.

Mrs. MARGARET FORD.

OWNS ISLE OF PINES.

Spanish Treaty Ceded. This Spot to United States.

IS OF GREAT VALUE.

The Island Will Be Fortified and Strong Garrison Kept There. Secretary Root Made an Inspection While There.

New York, Nov. 27.—The United States will retain possession of the Isle of Pines, whatever the final disposition of Cuba, says a Washington dispatch to The Journal. It will be fortified and a strong garrison kept there. Lying south of the western end of Cuba, the Isle of Pines commands the western or Yucatan entrance to the gulf and forms an important outpost for the defense of the Nicaraguan canal.

While Secretary Root visited Cuba he went to the island and recognized its strategic importance. The state department now holds, that under the treaty of peace, the title of the Isle of Pines passed to the United States. Secretary Root holds a similar view.

The northern side of the island, that next to the Cuban shores, is admirably adapted for purposes of the government. It is high, thickly studded with valuable woods and the climate is so healthful that prior to the war a health resort for pulmonary patients was established there. Naval officers say Signeney bay on the northwest coast, will, with but little dredging, afford an excellent and safe harbor.

GERMANY IS WAITING.

If Other Powers Oppose Secretary Hay's Plans She Will Also.

Berlin, Nov. 27.—The Associated Press correspondent from various sources gathered the following facts:

Germany, before replying to Secretary Hay's note, wishes to ascertain from her diplomatic representatives at the capitals of the powers how other powers have received the United States suggestions.

If Germany from answers should find grave danger exists of Germany's isolation by not keeping the United States' suggestions and insisting on extreme punishments, then Germany will answer United States favorably. If, however, Germany should find enough of the powers siding with her, then she will adhere to her original demands.

Denby May Return.

Chicago, Nov. 27.—A special to The Tribune from Evansville, Ind., says the friends of Colonel Charles Denby here assert they have reason to believe that the late United minister to China is to be sent back to that post to succeed Minister Conger, who, it is believed, will soon resign his office. Minister Conger succeeded Mr. Denby at Pekin. Colonel Denby is now in the east.

BECOMING ACUTE.

Relations Between the United States and Turkey Growing Complicated.

Constantinople, Nov. 27.—Relations between the United States government and the porte are becoming acute. Mr. Griscom, the American chargé d'affaires, went to the Yildiz palace Sunday and had an interview with Tewfik Pasha, minister of foreign affairs and Tehsin Bey, first secretary of the palace. The interview, however, was barren of results.

While the porte outwardly persists in his attitude assumed regarding the question of granting an exequatur to the United States consul at Harpoot there is no reason to believe the dispatch of the battleship Kentucky to Smyrna has made a marked impression in official circles.

Gone After a Fortune.

New York, Nov. 27.—Accompanied by her sister-in-law, Miss Elsie Tyson of Humboldt County, California, and J. L. Wilson, a lawyer, Mrs. John T. Martin, of Morristown, N.J., has started for Scotland to claim a vast fortune left by James Tyson, the millionaire bushman of Australia. A former resident of Morristown who is a claimant is George Tyson, who conducts a blacksmith shop on Ridgegate avenue. James Tyson, who recently died in Australia, left a fortune estimated at \$13,000,000. For more than three score years he has had no communication with his family.

Helen Gould Remembers Troops.

New York, Nov. 27.—Miss Helen Gould, accompanied by her maid, has purchased over \$3000 worth of clothing and toilet articles which she has ordered dispatched to the distributing officer of the United States army at Manila. The goods will be presented with Helen Gould's compliments and a Christmas greeting to the New Yorkers of the troops in the Philippines. Miss Gould personally selected every article and in each case bought the best quality obtainable. She carefully examined the clothing.

Interred With Ceremony.

London, Nov. 27.—With all the pomp and ceremony which might have attended the obsequies of a member of the royal family, the remains of Sir Arthur Sullivan, the composer, were interred in St. Paul's cathedral today.

Official Vote of Virginia.

Richmond, Nov. 27.—The official vote of Virginia in the last presidential election as ascertained by the state board of canvassers was: Bryan, 146,179; McKinley, 117,151; Woolley, 2167.

PLOT TO KILL M'KINLEY.

Hoboken Police Investigating Rumors of an Anarchistic Plot.

New York, Nov. 27.—The police of Hoboken are investigating the assertion made in a letter received at headquarters that an anarchist plot to kill President McKinley had been formed and giving the name of the chief conspirator which the police will not divulge.

LAW OF THE INDIANS.

The Indian Inspector Recommends Some Changes in the Statutes.

Washington, Nov. 27.—In view of the combined refusal of noncitizens within the Chickasaw and Choctaw Nations to comply with tribal laws, and of the fact that the only remedy is to remove them, the report of the Indian inspector for the Indian Territory recommend that congress prescribe a penalty the same as in the states for the seizure and sale of property sufficient to pay the taxes due or that some other method be adopted to compel payment other than removal, provided these tribal tax laws are to be in force for six years hence.

Recommendation is made for the modification of section 3 of the Curtis act so as to authorize the secretary of the interior to investigate land improvement contracts and remove noncitizens, giving the latter the right of appeal to the United States government to regain possession.

Other recommendations are that the present system and rate of taxes be superseded by a uniform system fixed upon non-citizens engaged in business to be collected by rules and regulations of the interior department and used for the common good; withdrawal of a sufficient amount of Cherokee Nation funds from the United States treasury to pay all their outstanding indebtedness, and additional legislation providing that until allotment, citizens may retain their proportion of "agricultural or grazing" land for such purposes only.

Considering Army Bill.

Washington, Nov. 27.—The house committee on military affairs are in session for the purpose of considering the new army bill. Business is mostly of a preliminary character, discussion being quite general on army affairs. The Republican members of the committee are apparently in favor of giving the president such an army as he may require.

Road Appropriation Asked For.

Washington, Nov. 24.—W. H. Ware and 15 more members comprising a committee from the good roads congress called on Secretary Wilson of the agricultural department and urged that he recommend an appropriation of \$150,000 for the good roads inquiry bureau of his department. The purpose of the appropriation is the construction of sample roads, experiments and diffusion of information on the subject of roadmaking and kindred matters.

Legislative Appropriation Bill.

Washington, Nov. 27.—The subcommittee of the appropriations committee of the house having in charge the legislative appropriation bill, began work Monday and decided to call before it officials of the congressional library and of the state and treasury departments.

War Tax Reduction.

Washington, Nov. 27.—The subcommittee on ways and means continues its preparation of the war revenue reduction bill. A part of the committee's session Monday, ex-Speaker Reed was present as a visitor. The Democratic members of the committee thus far have taken no action as to their programme regarding the bills. If the Republican members bring the bill into the house with a rule preventing amendments it is probable the Democrats will prepare and offer a substitute, otherwise amendments will be offered by the Democrats in committee of the whole.

Wellington Left Out.

Washington, Nov. 27.—In making up the Republican caucus list of the senate the name of Senator Wellington of Maryland, has been omitted at his own request. He has chosen a seat on the Republican side, however.

Returning to His Post.

New York, Nov. 27.—General Archibald Sampson, of Phoenix, Ariz., United States minister to Ecuador, will sail this week on the steamer Advance for his post. He came north in September. "Ecuador goes on the gold basis this month," said the general in an interview. "The act was passed a year ago last August. The election for president takes place on the first Monday of the coming January. Eloy Alfaro, the president, is wonderfully popular. He is especially friendly to the United States and has been a useful and progressive chief executive. He has a son at West Point.

Population of Texas.

Washington, Nov. 27.—The population of Texas is 3,048,710 against 2,235,523 in 1890; increase, 813,187 or 36.3 per cent.

That of Montana is 243,289 against 132,159 in 1890; increase, 111,170 or 84.1 per cent.

Commissioner Wilson Dead.

Washington, Nov. 27.—George W. Wilson of Ohio, commissioner of internal revenue, died in his apartments at the Riggs House of Bright's disease, complicated with asthma. He has been dangerously ill for several days past. He was 57 years old.

The Pope Not Dead.

London, Nov. 27.—With all the pomp and ceremony which might have attended the obsequies of a member of the royal family, the remains of Sir Arthur Sullivan, the composer, were interred in St. Paul's cathedral today.

Official Vote of Virginia.

Richmond, Nov. 27.—The official vote of Virginia in the last presidential election as ascertained by the state board of

canvassers was: Bryan, 146,179; McKinley, 117,151; Woolley, 2167.
